Ladies and Gentlemen:

The Department of Fish, Wildlife and Parks has proposed an acquisition of 46 acres of property which is located on Big Spring Creek, immediately northwest of Lewistown. Included in the Environmental Assessment was the initial development of the site. Public notice was given for 41 days and the document was distributed.

No comments were received.

The Department has decided to proceed with the acquisition contingent upon the Commission approval. Therefore, the Draft Environmental Assessment will be adopted in its present form as the final EA. The decision was made May 10, 1995.

Thank you.

Sincerely,

*Larry G. Peterman*

Larry G. Peterman  
Administrator  
Fisheries Division
